Dear Chrisitne,

As the owner of Anderson Race Management, I am proud to affiliate myself with great organizations and vendors that provide 'Grade A' service to the events industry and On Site does that and more.

Your organization always delivers the equipment in a timely manner and the service that comes with the rentals is more than first class.

We greatly appreciate the relationship we have built over the years and comfortably refer all clients to your organization without any hesitation.

We highly recommend that all events use On Site Sanitation for their sanitation and heating needs!

Sincerely,

Mary E. Anderson
