On Site Sanitation
75 Woodlyn Avenue
Saint Paul, MN 55117

Christine,

I wanted to thank you for your quality services over the past few years! I have worked with a variety of bathroom Companies for the past 30 years. My Company has done significant production work for many Community based Festivals over two decades. Such Events as Saint Paul Winter Carnival, Director of Operations, to Cinco de Mayo Fiesta – Saint Paul, Festival Manager to Grand Old Day. We require extensive detail and timing to many of the events due to time restrictions and public property uses.

On Site has been a key partner in providing high quality services based on setup, maintenance, and load out. We provide the specifications related to locations, number of units, timing for setup and teardown. Their ability to keep my time use on a reasonable level with competent sales, office, and service staff, is a great value for my Clients and staff. Anyone in this business understands the value of a person time. With there competitive pricing and partnership, we have done significant business and created a seamless service program for our clients.

This is a valued program for staff and me. I prefer working with such Companies. Since it saves Staff and Clients valuable labor time which saves money and “headaches”. With that said, I again, thank You Christine for a valued Partnership.

Best Regards,
