Working to protect the Mississippi River and its watershed in the Twin Cities area

August 12, 2008

Stacy Prestegaard
On-Site Sanitation
95 Woodlynn Ave.
St. Paul, Mn 55101

Dear Stacy;

Thank you so much for your support of the Great River Energy Mississippi River Challenge 2008!

"I just love being on the water with my friends and being around so many people with like interests, working together to help our community and lives."

"I thoroughly enjoyed participating in this event. It also made me realize how incredible the Mississippi River is!"

"... the entire thing was so cool! ...everyone and their boats and their knowledge, the jug band at the Fort, the food, all of the food, the cowbells at the end, the compostable plates, cups, spoons, etc."

"Thanks for delivering such a terrific event!"

"Don't change a thing!"

That is just a small sample of the feedback we've received from participants of the Challenge, and we feel it's important to pass it on to you. Your gift of **discounted rest room rentals** helped us engage more than 450 participants and volunteers in the life and importance of the Mississippi River, and raise more than \$79,000 for river and watershed protection! We are extremely grateful for your support and want you to know that we could not have done this without your generosity.

We are currently preparing the final event report with complete demographics and media information, which you can expect to receive in the next month. In the meantime, if you have any questions, or would like more information about the 2008 Mississippi River Challenge, please do not hesitate to contact me at 651.222.2193 x.19 or by email at kyanisch@fmr.org.

Again, thank you so much for your role in allowing so many people to be touched by the Mississippi River and her powerful message of stewardship during the Great River Energy Mississippi River Challenge.

Sincerely,

Kay Yanisch
Event Manager

Thanks very much, Stacy!
