Dear Russ,

Thank you for your recent donation of Donated toilets for Centex Blitz Buildto Twin Cities Habitat for Humanity. Your contribution will be put to good use in support of the construction of more decent and affordable homes for hard-working families.

Gifts like yours make a difference to homeowners like Joyce Mwangi, who will soon move with her teenage daughter into their new home in Hastings. Joyce is looking forward to having more time to devote to her community, raising her daughter in a healthy environment, and even going to college – goals made more attainable by the security of having an affordable home to call her own. Joyce's home and three others were dedicated recently, in celebration of a new development that helps extend our mission's reach by bringing affordable housing to new communities in 2008 and beyond.

Since 1985, we have helped over 675 families into homeownership. With your support, we can continue our work with another 50 homes in 2008. On behalf of the board, staff and especially the families, please accept my thanks for the support you have provided.

Sincerely,

A handwritten signature in black ink that reads "Susan H aigh".
