Ride 2008

June 13, 2008

Dear Stacy Prestegard,

Thank you for providing phenomenal sanitation services for the 29th annual Bike MS: Larkin Hoffman MS 150.

Nearly 3,100 riders (7 percent more than last year) enjoyed a great ride. Despite some questionable weather Friday, gusty winds died down, and the sun was shone brightly at the starting line at Proctor High School Saturday morning. This wonderful group of bicyclists will help the National MS Society, Minnesota Chapter reach our fundraising goal of nearly \$2.7 million to help people living with multiple sclerosis in Minnesota and western Wisconsin and fund research for a cure.

Participants left Proctor High School from 6:30 to 8:30 a.m. after enjoying delicious pancakes from Chris Cakes and breakfast donated by General Mills. The first cyclists began arriving at Grand Casino Hinckley around 10 a.m. As the day progressed, participants were entertained with music provided by One Shoe Productions in the Grand Casino Ceremonial Arbor. Riders then ate a fantastic dinner from Famous Daves, followed by entertainment from Moon of KS95 for the Halfway Show.

Sunday riders arrived by 4pm and enjoyed a celebration dinner after crossing the finish line.

The Larkin Hoffman MS 150 Ride marks the second of three Bike MS events this season. We thank you for supporting this series that provides critical funding for the Minnesota Chapter. With your support, the chapter is able to continue addressing the specific challenges of people with MS through our programs, services and advocacy efforts and drive cutting-edge MS research projects all around the world.

We appreciate your partnership that helps us move toward a world free of MS.

Sincerely,

Jody Payne
VP of Development
